

ANNOUNCEMENT

2025 DSATools™ User Group Meeting

Powertech is pleased to announce the 2025 DSATools™ user group meeting. This annual event provides a forum for Powertech and the DSATools™ users to discuss and exchange ideas for the development and applications of DSATools™ software. We will give an overview of Powertech's latest software products, demonstrate their applications, and report on new and upcoming developments. There will be presentations made by our users on their applications and experiences in using DSATools™.

This year's User Group Meeting will be hosted at the **Hilton Mississauga/Meadowvale, Toronto**

After the user group meeting, there will be a **half-day tour to visit Independent Electricity System Operator (IESO) control center**. Transportation from the meeting venue to the IESO control center will be provided. During the visit, IESO will describe the reliability requirements for operation of the Ontario power system and the application of an On-Line Dynamic Security Assessment system using DSATools™.

If you wish to share your experience in applying DSATools™ by making a presentation at the user group meeting, please contact us (dsainfo@powertechlabs.com).

When:

- Monday, October 6 (morning), and Tuesday Oct. 7 (full day) for the user group meeting
- Monday afternoon, October 6, 2025 (1:30 PM to 3:30 PM) IESO tour – Transportation provided

Where: Hilton Mississauga/Meadowvale, 6750 Mississauga Rd, Mississauga, ON L5N 2L3, Canada

Who: Open to everyone including existing DSATools™ users as well as those interested in advanced software for system planning and operation studies

Cost: Free! You will be responsible for your transportation and hotel expenses

Accommodation: We have secured the group rate for the hotel room fee at CAD \$199 excluding tax per night, please book your accommodation via the booking link:
<https://book.passkey.com/go/PowertechLabsOct25>

Please RSVP at <https://dsatools.com/2025-dsatools-user-group-meeting> by September 07th, 2025. Note that the number of people allowed to the IESO control center tour is limited, so please RSVP at your earliest convenience. The attendees will be subject to security clearance by IESO.

For more information – Please check our website at www.dsatools.com (under News | Events) for details of this event, registration, and hotel accommodation information. If you have any questions, please email dsainfo@powertechlabs.com.

We look forward to seeing you in Toronto, Ontario, Canada!
